

Storm Spotters

March 15, 2016

4 PM to 6 PM

Owens Valley Cultural Center

2300 W. Line St.

**Do you think our local weather forecasts could be better?
Want to be involved or just want more info?
This training is for you!**

Our regional National Weather Service (NWS) forecasters from Las Vegas will be in Bishop for a special training **for all community members, trained spotters and newcomers welcome!**

This is your chance to learn more about weather.

If you choose to participate in the SKYWARN™ spotter program, you can help the National Weather Service decide when and where to issue warnings about severe weather. This is a completely voluntary program.

The training lasts approximately 2 hours. Everyone is invited.

We will provide refreshments and participants will receive a t-shirt.

SIGN UP now to reserve your t-shirt size.
